# ROOFCOTE TEN YEAR SYSTEM WARRANTY

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law and the benefits provided by our warranty are in addition to other rights and remedies available to the consumer under the law.

You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

In addition, Acryloc Building Products provides a material replacement warranty against bubbling, peeling or flaking of the full Commercial Roof Coating (CRC) System caused by any defect in manufacture for a period of ten years, provided that;

- the products have been applied correctly by a skilled and experienced applicator in accordance with all current application criteria, including but not limited to, substrate type and preparation, application rates and methods, prevailing weather conditions and protection of finished work.
- the products have been stored in accordance with current criteria and have been used within the recommended shelf life period.
- Application dates, product batch numbers and quantities must be recorded and supplied as a minimum to effect potential product failure investigation.
- Acryloc Building Products provides no warranty, expressed or implied, against damage due to movement of the substrate or structure.
- Acryloc Building Products cannot accept responsibility for variations in colour, strength, appearance or workability resulting from on-site mixing procedures and conditions.

The liability of Acryloc Building Products pursuant to this warranty is limited to re-supply of the coating materials.

The Applicator issues a separate warranty for the application and workmanship. This warranty is provided in lieu of all other warranties, whether expressed or implied, and all other obligations on the part of Acryloc Building Products apart from any warranties or conditions which arise by operation of law and which may not be negated or modified

# **SUPACOOOL BENEFITS**

- 1. Reduces energy consumption**
- 2. Reduces carbon footprint**
- 3. Drinking Water Safe**
- 4. Over 35+ Colours**
- 5. Industry Leading Warranty**
